

Quotes for Programmers

The trouble with
programmers is that you can
never tell what a programmer
is doing until it's too late

~ seymour cray

A person is sitting at a wooden desk in a dimly lit room, typing on a silver laptop. The laptop screen displays a web application with a dark theme and a sidebar. On the desk, there are several papers, a blue pen holder with a pen, and a small notebook with handwritten notes. The person's hands are visible, and they are wearing a dark long-sleeved shirt. The overall atmosphere is quiet and focused.

Programming isn't about what
you know; its about what you
can figure out

~ anonymus

A person is seen from behind, sitting at a long wooden desk in a modern office or library. The room has large floor-to-ceiling windows that offer a panoramic view of a city skyline at dusk. The sky is a mix of blue and orange. In the foreground, a laptop is open on the desk, displaying a dark screen with a small square icon. A pen and some papers are also on the desk. The overall atmosphere is quiet and professional.

It's not a bug — it's an
undocumented feature

~ anonymus

A photograph of a dark wooden table in a dimly lit room. On the table, there is a silver laptop open, displaying code on its screen. To the left of the laptop is a white plate filled with various fruits, including apples, bananas, and grapes. To the right of the laptop is another white plate with yellow, wedge-shaped snacks, possibly cheese or fruit. A clear glass of water sits between the two plates. In the background, the lower half of a person wearing a dark skirt and white sneakers is visible. Wire mesh chairs are also present around the table.

Programming is like sex: One
mistake and you have to support
it for the rest of your life

~ anonymus

A desk setup featuring a laptop and a large monitor, both displaying code editors. The scene is dimly lit with blue and yellow ambient lighting. A quote is overlaid on the image.

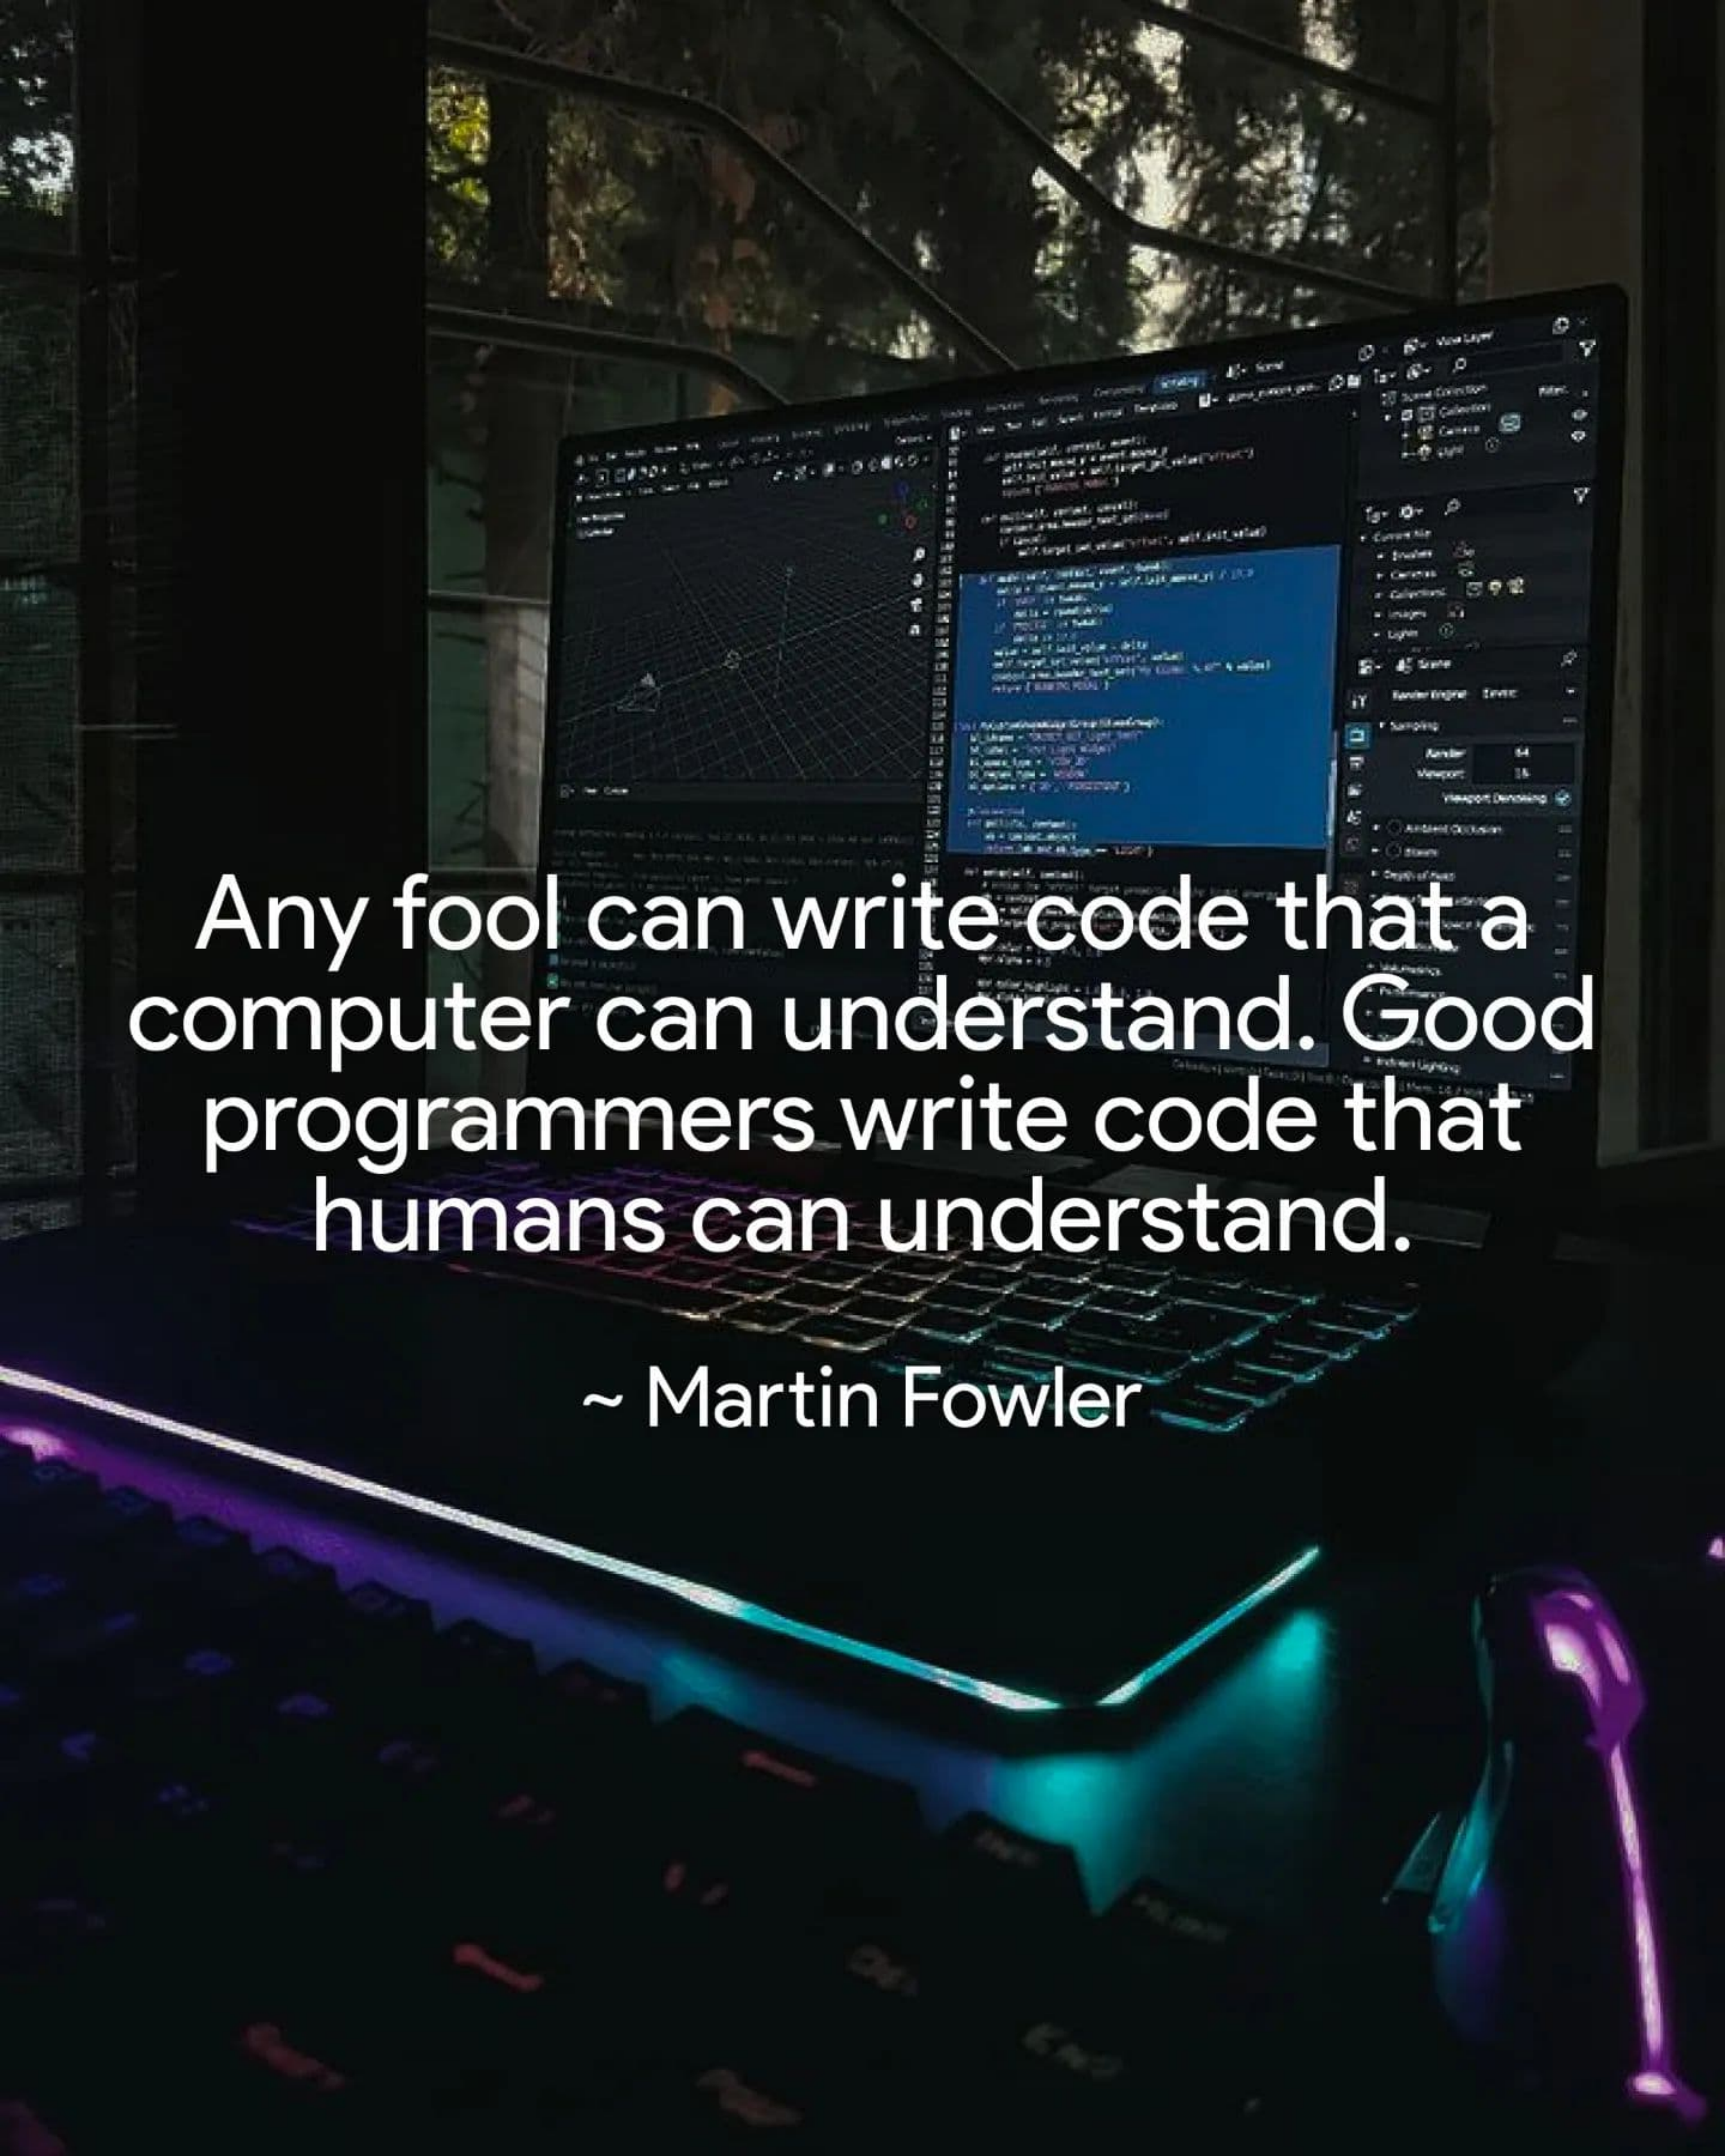

Java is to JavaScript
what Car is to Carpet.

~ Chris Heilmann

A dimly lit desk setup. In the background, a bookshelf is filled with books. On the wall, there are several posters and a list. The desk features a laptop displaying a website, a desk lamp, an open book, and a spiral-bound notebook. The text is overlaid in the center of the image.

i am not a good programmer
i am just good at copy pasting
from stackoverflow

~ Rahul Codes

A laptop is shown in a dark environment, with its keyboard and mouse glowing with a bright blue light. The laptop screen displays a game engine interface. On the left, there is a 3D scene view showing a simple environment with a ground plane and some objects. In the center, a code editor shows C++ code for a game engine, with a blue highlight on a specific function. On the right, there are several panels for the game engine, including a 'Scene' panel, a 'Render Engine' panel, and a 'Sampling' panel. The background of the image is a dark, textured surface, possibly a wall or a curtain, with some light reflecting off it.

Any fool can write code that a
computer can understand. Good
programmers write code that
humans can understand.

~ Martin Fowler

There are only two kinds of
programming languages: those
people always bitch about and
those nobody uses

~ Bjarne Stroustrup
